DANGER IN DELAY

Kidney Diseases are too Dan- gerous for Redwood City People to Neglect.

The great danger of kidney troubles
is that they get a firm hold before
the sufferer recognizes them. Health
is gradually undermined. Backache,
headache, nervousness, lameness, sore
ness, lumbago, urinary troubles,
drowsy, diabetes and Bright's disease
follow in merciless succession. Don't
neglect your kidneys. Cure the kid-
neys with the certain and safe rem-
edy, Doan's Kidney Pills, which has
cured people right here in Redwood
City.

Samuel Hall, living at 507 Stam-
baugh st., Redwood City, Cal. says:
"I was troubled more or less for three
or four years, by a disordered condi-
tion of my kidneys. I did not suffer
from headaches or backache, the
most annoying symptom of my trouble
being a frequent action of the kidney
secretions forcing me to arise many
times during the night. Doan's Kid-
ney Pills were at length brought to
my attention and deciding to give
them a trial I procured a box. I
used them according to directions and
soon the kidney secretions became
normal and regular in action. I heart-
ily recommend Doan's Kidney Pills."
For sale by all dealers. Price 50
cents. Foster-Milburn Co., Buffalo,
New York, sole agents for the United
States.
Remember the name—Doan's—and
take no other.

REMINISCENCES OF OUR PIONEER DAYS

Gleanings From the Records Left By Men Who Laid the Foun- dation of Our County.

CITIZENS PUNISH WIFE BEATER

Juryman Adopt a Novel Method of Announcing Their Determination Not to Reach Agreement.

Owing to the unusual demand upon
our news columns during the past two
weeks it was found necessary to tem-
porarily discontinue publication of the
popular series of pioneer reminiscences.
In this issue the sketches are resumed
and will be continued without interrup-
tion. The present article deals with
events of 1860.

On the 6th of May, 1860, at Half-
moon Bay there occurred the death of
a resident of this county worthy of
some special note, not because of any
special or remarkable event in the
life of the deceased, but rather for
the remarkable longevity of an un-
eventful life and as an evidence
of the salubrity of our climate. This
was the death of Manuella Pinto, at
the unusual age of 120 years.

That the habit of the San Fran-
cisco papers of circulating stories
to the detriment of this county, with-
out proper efforts at authenticity, or
invasion of the facts supposed to
constitute a foundation for their as-
sertions, has not been recently ac-
quired, is evidenced by the fact that as
early as May, 1860, it was found neces-
sary for the local paper to give the
journal of the metropolis a "call-
ing down." This was done as follows:
"The San Francisco papers state that
several cases of small pox are in
Redwood City. We have made dil-
igent inquiry to ascertain the truth of
the statement, and we have not heard
of even a single case of the dread
disease either in or near this place.
It is a very serious matter to give cir-
culation to a rumor of this kind,
and we hope our San Francisco
contemporaries will be more careful
in the future, and be sure they are
right before giving credence to state-
ments calculated to work injury, and
which may indeed be founded on
malice."

Evidently, up to this time the op-
portunity for propaganda in the re-
ligious field had been seriously neg-
lected by the organized churches of
the state. While it seems that occa-
sional preachers had been sent this way,
these must have been men of small
ability, little calculated to inspire en-
thusiasm in the religious world, as
witness the following from the issue
of the Gazette of June 16, 1860: "It
is a sad truth that the people of
this neighborhood are without a
minister to their spiritual wants. True
they have occasionally a visit from
the brotherhood of organized church-
es, but these visits are by far too in-
frequent to be of benefit. The Metho-
dist church has appointed a pastor
for this district, but notwithstanding
the community have always shown
themselves well disposed to support
and pay a preacher of some ability,
they are furnished yearly with the
very poorest tools of the Lord, and
these only visit Redwood City semi-
occasionally, and when they do, al-
though the people are very charit-
able to the 'cloth,' they really cannot
impose upon themselves so great a
penance as to hear out their 'dis-
course.' There are over 30 families
in this place and the immediate
neighborhood who would gladly at-
tend service every Sunday, if a preach-
er of more than mediocre ability were
their pastor. They do not desire
'sensational' preaching, but they want
sensible sermons and a minister who
will merit their respect. Who will
send such a one? No matter what
denomination, let him come."

A suggestion which might be of
value to juryman who are unwillingly
kept in confinement after they have
determined that it is not probable
that they will arrive at a unanimous
conclusion, by the stern mandate of
a judge anxious to secure a verdict,
is found in a report of the trial of
a case before the Justice of the
third township, although at the time
it was characterized as a "high old
proceeding." It is related that the
jury of twelve men, after hearing the
case before them, had retired to de-
termine on a verdict, and as they
were unable to agree, seven of them
left the room in disgust. This was
stated to have been the first pro-
ceeding of the kind reported, and the
hope was expressed that it should
not be repeated. It was suggested
that the action of the seven men
would constitute a rather bad pre-
cedent, liable to cause disrespect for
the tribunal's of the land.

Wife-beating seems at this time
to have been regarded by the statute
and the courts as among the minor of
fenses, to be accorded no more se-
vere punishment than would be meted
out to the ordinary street brawler.
C. Prior, who had several times
before been convicted of this offense,

was tried before Judge Turner in
August, 1860, on a charge of assault
and battery committed on his wife,
and was found guilty. The report
states that "judgment was pronounced
apparently with much regret, and feel-
ing by the judge." It appears that
Prior had been given small fines for
the same offense several times be-
fore, and as it was considered that
a severe penalty might have a benefi-
cial effect, he was this time given the
extraordinary punishment of a fine
of \$160. This however, must have
failed of its hoped for permanent ef-
fect, and finally the disgusted resi-
dents of the town felt compelled to
take the matter into their own hands,
and provide a treatment which might
impress upon the bully the feeling of
hostility to those of his ilk. Two
months later Prior, who by his acts
of rowdiness had long been regarded
as a disgrace to the town and hu-
manity in general, was seized one
evening by a party of citizens, and
by means of a rope fastened around
his body was dragged a number of
times through the mud and water of
the slough.

RECEIVE FIRST COMMUNION

Impressive Confirmation Service at Mount Carmel Church.

Last Sunday was an eventful day
at Mount Carmel church. In the
morning at 8 o'clock mass a large
class of children received their first
Holy Communion, and in the after-
noon at 3:30 Rt. Rev. Bishop O'Con-
nell administered the sacrament of
Confirmation. At both services the
church was crowded by the parents
and friends of the children. A num-
ber of priests were also present, in-
cluding Very Rev. Fathers Ayres, Mc-
Nulty and Neil from the Seminary;
Fathers McGinty and Cantwell from
San Francisco; Father Lally from
San Jose, Father Lyons from Menlo
Park, Father Duggan from San Ma-
teo, and Father Grant from Burlingame.
Bishop O'Connell addressed the
children affectionately and instruct-
ively on the meaning of the sacra-
ment of Confirmation. The children
sang very well during the service and
the bishop was highly pleased with
their conduct and training. Miss
Viola Hanson acted as sponsor for
the girls who were confirmed and
Judge Fitzpatrick acted in the same
capacity for the boys.

Setting a Good Example.

For some time past the papers of Santa Clara county have been fostering an agitation which, might with advantage be adopted by every municipality in San Mateo county. This has been denominated a "Clean Up," but as a natural result has taken to itself a more comprehensive scope. Not only is it urged that every city should be given a thorough Spring cleansing, but that public as well as private effort should be made to secure the best advantage of the opportunities offered by nature for the beautification of our cities.

This movement has behind it a dual purpose, the enhancement of the attractions of the section and the conservation of health, both of equal importance to the community, and equally a matter of individual and municipal concern. To accomplish the desired results the private individual must be encouraged and assisted by the officials of the community.

At this season of the year it is of the greatest public importance that all accumulations of rubbish, both public and private, should be carefully and thoroughly removed. By this means only can the healthful conditions of which we are wont to boast be preserved. While every resident must see to it that his premises are thoroughly cleaned, it is essential that the streets and other public places should be kept in equally as good condition.

Only by the same united effort can the natural beauty of our cities be preserved and enhanced. It would seem to be useless to urge upon the owners of private places that efforts should be made to beautify their grounds while the streets upon which their premises front are left in a wretched and unsightly condition. This is a work that should be taken in hand by the authorities at this time. Unsightly growths of weeds, while possibly attesting the prolific nature of our soil, present a far from attractive appearance. These should be removed at once, and then it will be possible to urge the individual care of premises with reasonable hope of success.

WOODSIDE, May 7.—The baseball season was opened here last Sunday when the Woodside nine played Beck's team of Redwood City winning by a score of 23 to 3. A return game will be played on the Five-point grounds in Redwood next Sunday. Winkler in the box and Dalve behind the bat showed some class in the game last Sunday and the rest of the team gave them good support. The Woodside team has quite a few open dates and would like to hear from any teams in the county. Sid Dalve is captain and Geo. Haaker manager this year.

The Family Club are preparing for what they are pleased to call "The First Flight of the Stork to the Family Farm." The flight is scheduled for August 28th. On and after that date members may choose the site for their country homes—namely, their vacation tents. Family enthusiasm is at its height, for the Family Farm, you know, is a paradise in the country that for accessibility, comfort, pleasure and entertainment will be without an equal. The Farm when completed will embrace a sufficient variety of out-of-door recreations to please all. There will be a ball ground, hand-ball court, swimming tank, trap shooting and probably a tennis court. All that is needed is a continuance of that spirit which always comes so strongly to the front whenever we need or ask for it.

The injunction against the board of supervisors at the instance of George Lowens of Colma to restrain that body from appointing any additional justices of the peace or constables in the county was dismissed by Judge Buck on Saturday. Shortly before the last election, Lowens obtained the injunction against the old board of supervisors believing that they were about to appoint new township officers in an effort to prolong their political lives.

On the defeat of the candidates for re-election Lowens was more than willing that the injunction proceedings be dropped but Judge Buck, when such a motion was made before him, refused in no uncertain manner to allow his court to be used as a battledore and shuttlecock for the county's politicians.

Willy nilly Lowens thereupon came into court, and when put on the stand was unable to give much reason for his injunction, services of which had been transferred to the present board of supervisors, except information and belief. Judge Buck quashed the injunction in an opinion from the bench.

Doings at Belmont.

BELMONT, May 7.—On Friday Apr. 30th, the new flag pole of the Belmont school was dedicated with appropriate ceremonies.

The pole was cut from Hayward Park by Will Pullan and given by him to the school. It is of redwood, fifty-feet high, and presents a fine appearance in the center of a garden of roses.

The dedication exercises consisted of song, salutes and recitations by

the school ending with "America" sung by all.

The tennis court is almost finished, and on Friday the boys are going to clean it up and get it ready for playing. It is a fine court and adds greatly to the appearance of the school grounds.

TOWN TRUSTEES MEET

Short Session is Devoted to the Consideration of Minor Business Matters.

Last Monday night's meeting of the Council was remarkably short and entirely devoid of special interest. This was at least to some extent due to the fact that Engineer Neuman had been unable to complete the revision of his preliminary work for the second proceedings for the improvements in districts 9 and 11. The surveyor announced that his work would be ready in time for the next meeting of the Board, when this important matter will probably be taken up. All of the members of the Board were present at the meeting.

Manager Newbert of the United Gas and Electric Company addressed a communication to the council asking permission to excavate Heller street for the purpose of extending the company's gas mains to a point between Pine and Chestnut streets.

The map of William F. Ebner's resubdivision of lot 2 of the Wooster, Whitton & Montgomery subdivision was presented, somewhat amended from the form in which it had been presented two weeks ago. After some scrutiny the map was laid over under the usual rule until the next meeting for final action. During the discussion of this plat, Trustee Rice asked for information as to when the Street Committee would be ready to furnish the report upon the question of street improvement in the newly platted tracts which had been referred to them several weeks ago. Mr. Rice expressed the opinion that this matter should not be allowed to sleep in the hands of the committee. Mr. Ebner stated to the Council that he was prepared to take care of the matter of street improvement in the tract platted by him as soon as the dedication of the streets had been accepted.

Clarence Choate, representing the gas and electric company, stated that there were a number of residents in that part of town who were desirous of using the gas. The petition was granted on motion of Rice.

The claim of Arnold Hess for \$437.74, balance due for building Roosevelt avenue was ordered paid and Mr. Hess' bondsmen relieved from further responsibility.

A letter was read from Baldwin & Howell to the effect that within

five days a contract would be let for the construction of the city's reservoir on the Dingee hills and on its completion the reservoir and the site would be made the city's property in accordance with Mr. Dingee's agreement.

At the suggestion of Trustee Hyndling it was decided to revise the general license ordinance in the near future. It was explained that at the present time there were some inconsistencies and that a number of businesses were escaping the tax entirely. Marshal Christ also suggested in this connection that some means should be found for reaching itinerant vendors, some of whom evade the license law by securing small places or rooms and temporarily opening them under the guise of "stores." Trustee Hyndling urged that there

street in question was not a public highway. On motion of Blackburn seconded by McEvoy the prayer of the petition was denied.

The petition of H. G. Knapp, as executor of the estate of R. I. Knapp, to excavate Main street of Halfmoon Bay for the purpose of laying a water main for the public use was granted. His cash bond of \$50 to place the street in good condition was accepted.

Architect Glenn Allen gave his written permission to change the material in the concrete work at the court house from broken brick to crushed rock. The communication was accepted and ordered filed.

The Clerk was directed to notify all petitioners of the First township to be present at the next meeting of the Board and present their cases. Casey explained to the Board that his funds would not permit him to water or maintain the "Boulevard" that was constructed in his township some time ago by private subscription. He asked for some aid from the members in maintaining the thoroughfare as it was a benefit to the entire County. The other members could not see it that way and no action was taken on the request.

Francis was given further time to report on the change in the course of the County Road at Long Bridge.

The tax collector reported that the unused portion of the liquor license of David Caplan of the First township, who was recently burned out, amounted to \$68.75. Casey moved that the report be accepted and that the amount be returned to Caplan. The motion was seconded by Blackburn and carried.

The chairman announced that the time had arrived for opening bids for grading and oiling seven miles of roadway in his district. But one bid had been presented, that of Thomas S. Hutton of Los Angeles, which was as follows:

Woodside road—First mile out of Redwood City, \$2,376; second mile, \$2,640; part of third mile, \$1,704.

Middlefield road—First mile out of Redwood City, \$2,400; second mile, \$2,640; third mile, \$2,904; part of fourth mile, \$1,500.

After a conference with Hutton, the chairman agreed to have the first two miles on the Woodside road completed at a cost of \$5,016, and two miles on the Middlefield road at a cost of \$5,544. The roadway to be improved on the latter road is to include the second mile out of Redwood City, and such other roadway as may be agreed upon.

The work is to be completed by July 15th.

Geo. S. Evans W. R. C. was allowed \$50 for the care of the old soldier's plot in Union Cemetery. They asked for \$100. Last year the Board appropriated \$32.

The claims of E. B. and A. L. Stone Co. for rock furnished the first township were laid over until the next meeting and all courthouse matters were continued for two weeks.

The following resolution was introduced by Blackburn and unanimously adopted:

Whereas a certain contract heretofore entered into by and between the County of San Mateo and the J. J. O'Brien Construction Company, of the date 21st day of September, 1908, for certain extra work upon the New Court House building, and amounting to the sum of Twenty-nine hundred and ninety-one (\$2,991), was inadvertently omitted from the minutes of said Board of date September 21st, 1908, and

Whereas it is necessary and proper that the said contract should appear in the records of the Board of Supervisors of said County, and

Now, therefore, be it resolved that the minutes of this Board of date September 21st, 1908, be amended by incorporating therein the award of said Contract to said firm, upon the basis of the sum of \$2,991, and that the then Chairman of said Board, J. H. Coleman be authorized and instructed to enter into said contract for and on behalf of said County.

And be it further resolved that said Contract heretofore entered into and executed, be and the same is hereby fully ratified.

Chairman McEvoy presented the following resolution, the adoption of which was moved by Casey:

Whereas the legislature of 1907 passed an act providing for the collection and fixing of a rate of interest, the minimum rate being two per cent per annum, payable quarterly, and whereas said Act has been in full force and effect since March 23rd, 1907, a period of more than two (2) years, and as the County Treasurer, J. P. Chamberlain, who is not has been duly and lawfully appointed, and as Treasurer has neglected and refused to pay into the "Treasury of San Mateo County any of said interest money,"

Now, be it resolved, and it is hereby ordered, that the District Attorney, J. J. Bullock, is hereby ordered and directed to immediately commence suit for the collection of said interest money, from March 23rd, 1907, to April 1st, 1909.

Coleman said the purport of the resolution had been threshed out a long time ago. That it was not the duty of the treasurer to loan the money unless the banks applied for it. Blackburn also opposed the resolution.

District Attorney Bullock said the law was not applicable to this case. Banks desirous of borrowing money from the County Treasurer must make application in the legal way. Bonds must be advanced as security and as none of the banks made applications for loans the treasurer was blameless, McEvoy insisted it was the duty of the board to collect the interest due, amounting to \$10,000.

The resolution was lost by the following vote—noes, Francis, Blackburn and Coleman. Ayes, McEvoy and Casey.

Under Sheriff Bartlett applied to the Board for the purchase of an automobile. He briefly stated the necessities of the machine, saying that sheriffs of other counties were allowed machines.

McEvoy thought it was not within the jurisdiction of the board to grant the request. Blackburn thought an automobile was an absolute necessity in the sheriff's office for the prompt capture of criminals. On motion of

Yesterday Charles Braslan, who has the Sweeney ranch of several hundred acres under cultivation for the production of onion seeds discharged 200 Japs who had been employed for the past six months.

All the work is done but they will be again employed when the time arrives for harvesting the seed. Mr. Braslan secured a corner in the onion seed market through the drowning out of most of the crops throughout the state, which means that he will name the price throughout the world. Mr. Braslan states that his seed will bring at least \$1 per pound.

Robert L. Pitcher, the painter and all round good fellow, was quietly united in marriage by Father Cullen at Mountain View last Wednesday to Miss Anastasia Ellen McCormick of Mountain View. The groom was formerly a resident of this place but for some time has made his home at Mayfield. He was born and raised at Halfmoon Bay and is the son of J. H. Pitcher, a prominent and wealthy resident of that place. Mr. Pitcher some years ago aspired to be sheriff of this county and came within five votes of securing the republican nomination. The bride has long been a resident of Mountain View and has a host of friends there. The young couple on their return from the honeymoon will reside at Mayfield.
